## The **Legacy Tribute** Difference

Legacy Tribute UK is the only UK-based supplier of genuine North American-made caskets. We are part of Victoriaville & Co., a fourth-generation, Canadian-owned family business and one of the leading manufacturers and distributors of caskets in North America.

Our experienced UK and North American-based teams understand the distinct needs of families choosing American-style caskets. Our **casket specialists** work closely with you, our Funeral Director customers, to guide and advise you in making the best choices for your client families. We also ensure that every casket is handled with the utmost care and attention to detail.

Our products have been carefully designed to meet the changing needs and cultural preferences of families in the UK. This brochure features brand-new designs that we have recently introduced to complement our traditional and classic collections. Our partnership with Colourful Coffins enables us to provide a wide variety of **personalisation** and interior colour options—some of which are featured here, while more can be found on our website.

For families opting for cremation, the Harvest Oak casket and the Devon Eco casket have been tested and **approved for cremation** by the FFMA. Additionally, all our solid hardwood caskets come with a crematable wood-framed canvas bed as standard—an environmentally friendly option that maintains the same functionality as the traditional metal bed.

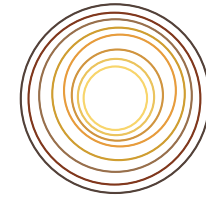

We provide a free **next-day delivery service** to our Funeral Director customers in most areas of England, Scotland and Wales. We can also arrange delivery to Ireland, mainland Europe, and Africa on request.

- Authentic North American craftsmanship
- Free next day delivery to most locations
- Experienced product specialist team
- Reliable service
- Personalisation and cremation options

We invite you to explore our range of premium North American-made caskets, and look forward to working with you.
